Shades of 2001 and the Foot and Mouth year! This season ended rather abruptly with the CompassSport heat at Cranham but to keep the records straight here are the final scores for the season. The worthy winner is Rob Ashton with last year's winner Ian Peirce a close second. Max and Elara were the first juniors and Kerry and Charlotte the first ladies. I doubt much would have changed at the top third of the table if the season had been allowed to continue to the usual fifty plus events.

I was optimistically hoping to start the new galoppen with Penn Woods (too few Sarum competitors) and Agglestone (already cancelled) but we live in hope.

Best wishes until we meet again
