

Sarum Orienteering Club

Treasurer's Report – Year to 31 August 2026

It is good to be able to report that the club made a small surplus from only five events held throughout the year. This year the event surplus was £2,665 compared to £6,258 for 2024. Last year events included the Sarum City race and Southern Championships.

The club spent funds in the usual areas with notable differences being expenditure on an OCAD licence and equipment (includes the new start clock) being over and above last year's spend but less was spent on competition entries (CS Trophy, JK relays – probably due to locations in NE England & Scotland), the club dinner and barbecue (change of date for the dinner) and the first aid course (tri-annual).

As is the custom, the club supported and paid 50% of Sarum relay team runs at the JK and British Championships along with paying entry fees to both the CompassSport Trophy final and qualifier in the year. The club has qualified for the final of the CompassSport Trophy in each of the last three years and with this year's final later in October in the south east of England it is hoped the club can improve it's finishing position.

The club's reserves have increased from £10,472 to £10,762 over the course of the year

Should you have any queries or require any clarifications please ask either prior to the AGM or at the AGM itself.
